

Erasmus+ Programme

Bilateral Inter-Institutional Agreement

Key Action 1

Learning Mobility for Higher Education Students and Staff

among EU Member States and third countries associated to the Programme¹

The institutions agree to cooperate for the exchange of students and/or staff in the context of the Erasmus+ programme. They commit to respect the quality requirements of the Erasmus Charter for Higher Education in all aspects related to the organisation and management of the mobility, including automatic recognition of the credits awarded to students by the partner institution as agreed in the Learning Agreement and confirmed in the Transcript of Records, or according to the learning outcomes of the modules completed abroad, as described in the Course Catalogue, in line with the European Credit Transfer and Accumulation System. The institutions agree on exchanging their mobility related data in line with the technical standards of the European Student Card Initiative.

Grading systems of the institutions

Receiving higher education institutions need to provide a link to the statistical distribution of grades or make the information available through EGRACONS according to the descriptions in the ECTS users' guide. The information will facilitate the interpretation of each grade awarded to students and will facilitate the credit transfer by the sending institution.

¹ Clauses may be added to this template agreement to better reflect the nature of the institutional partnership.

A Transcript of Records will be issued by the receiving institution no later than five weeks after the assessment period has finished at the receiving HEI.

The credits mentioned in Roma Tre transcripts are equal to ECTS. One credit represents 25 hours of study, with one full time academic year consisting of 60 ECTS credits. The grading system used at the University Roma Tre is the national grading system:

- Passing grades for each exam or learning activity can range from 18 to 30. The highest

possible grade is 30 e lode (30L). For some exams and activities there is no grade, but only "pass" (IDONEO).

- Graduation grades can range from 66 to 110. The highest possible grade is 110/110 with honours. The final graduation mark depends on the average of exams grades and the academic value of the thesis and of its defense; the latter is evaluated by a commission of members of the Faculty.
